

Cancer Insurance

Our Cancer Assist plan helps employees protect themselves and their loved ones through their diagnosis, treatment and recovery journey.

This individual voluntary policy pays benefits that can be used for both medical and/or out-of-pocket, non-medical expenses traditional health insurance may not cover. Available exclusively at the workplace, Cancer Assist is an attractive addition to any competitive benefits package that won't add costs to a company's bottom line.

Competitive advantages

- Composite rates.
- Four distinct plan levels, each featuring the same benefits with premiums and benefit amounts designed to meet a variety of budgets and coverage needs (benefits overview on reverse).
- Indemnity-based benefits pay exactly what's listed for the selected plan level.
- The plan's Family Care Benefit provides a daily benefit when a covered dependent child receives inpatient or outpatient cancer treatment.
- Employer-optional cancer wellness/health screening benefits available:
 - Part One covers 24 tests. If selected, the employer chooses one of four benefit amounts for employees: \$25, \$50, \$75 or \$100. This benefit is payable once per covered person per calendar year.
 - Part Two covers an invasive diagnostic test or surgical procedure if an abnormal result from a Part One test requires additional testing. This benefit is payable once per calendar year per covered person and matches the Part One benefit.

Flexible family coverage options

- Individual, Individual/Spouse, One-parent and Two-parent family policies.
- Family coverage includes eligible dependent children (to age 26) for the same rate, regardless of the number of children covered.

Attractive features

- Available for businesses with 3+ eligible employees.
- Broad range of policy issue ages, 17-75.
- Each plan level features full schedule of 30+ benefits and three optional riders (benefit amounts may vary based on plan level selected).
- Benefits don't coordinate with any other coverage from any other insurer.
- HSA compliant.
- Guaranteed renewable.
- Portable.
- Waiver of premium if named insured is disabled due to cancer for longer than 90 consecutive days and the date of diagnosis is after the waiting period and while the policy is in force.
- Form 1099s may not be issued in most states because all benefits require that a charge is incurred. Discuss details with your benefits representative, or consult your tax adviser if you have questions.

Optional riders (available at an additional cost/payable once per covered person)

- Initial Diagnosis of Cancer Rider pays a one-time benefit for the initial diagnosis of cancer. A benefit amount in \$1,000 increments from \$1,000-\$10,000 may be chosen. The benefit for covered dependent children is two and a half times (\$2,500-\$25,000) the chosen benefit amount.
- Initial Diagnosis of Cancer Progressive Payment Rider pays a \$50 lump-sum payment for each month the rider has been in force, after the waiting period, once cancer is first diagnosed. The issue ages for this rider are 17-64.
- Specified Disease Hospital Confinement Rider pays \$300 per day for confinement to a hospital for treatment of one of 34 specified diseases covered under the rider.

Cancer Assist Benefits Overview

This overview shows benefits available for all four plan levels and the range of benefit amounts payable for most common cancer treatments. Each benefit is payable for each covered person under the policy. Actual benefits vary based on the plan level selected.

Each benefit requires that charges are incurred for treatment. All benefits and riders are subject to a 30-day waiting period. Waiting period means the first 30 days following the policy's coverage effective date during which no benefits are payable. States without a waiting period will have a pre-existing condition limitation. Product has exclusions and limitations that may affect benefits payable. Benefits vary by state and may not be available in all states. See your Colonial Life benefits representative for complete details.
